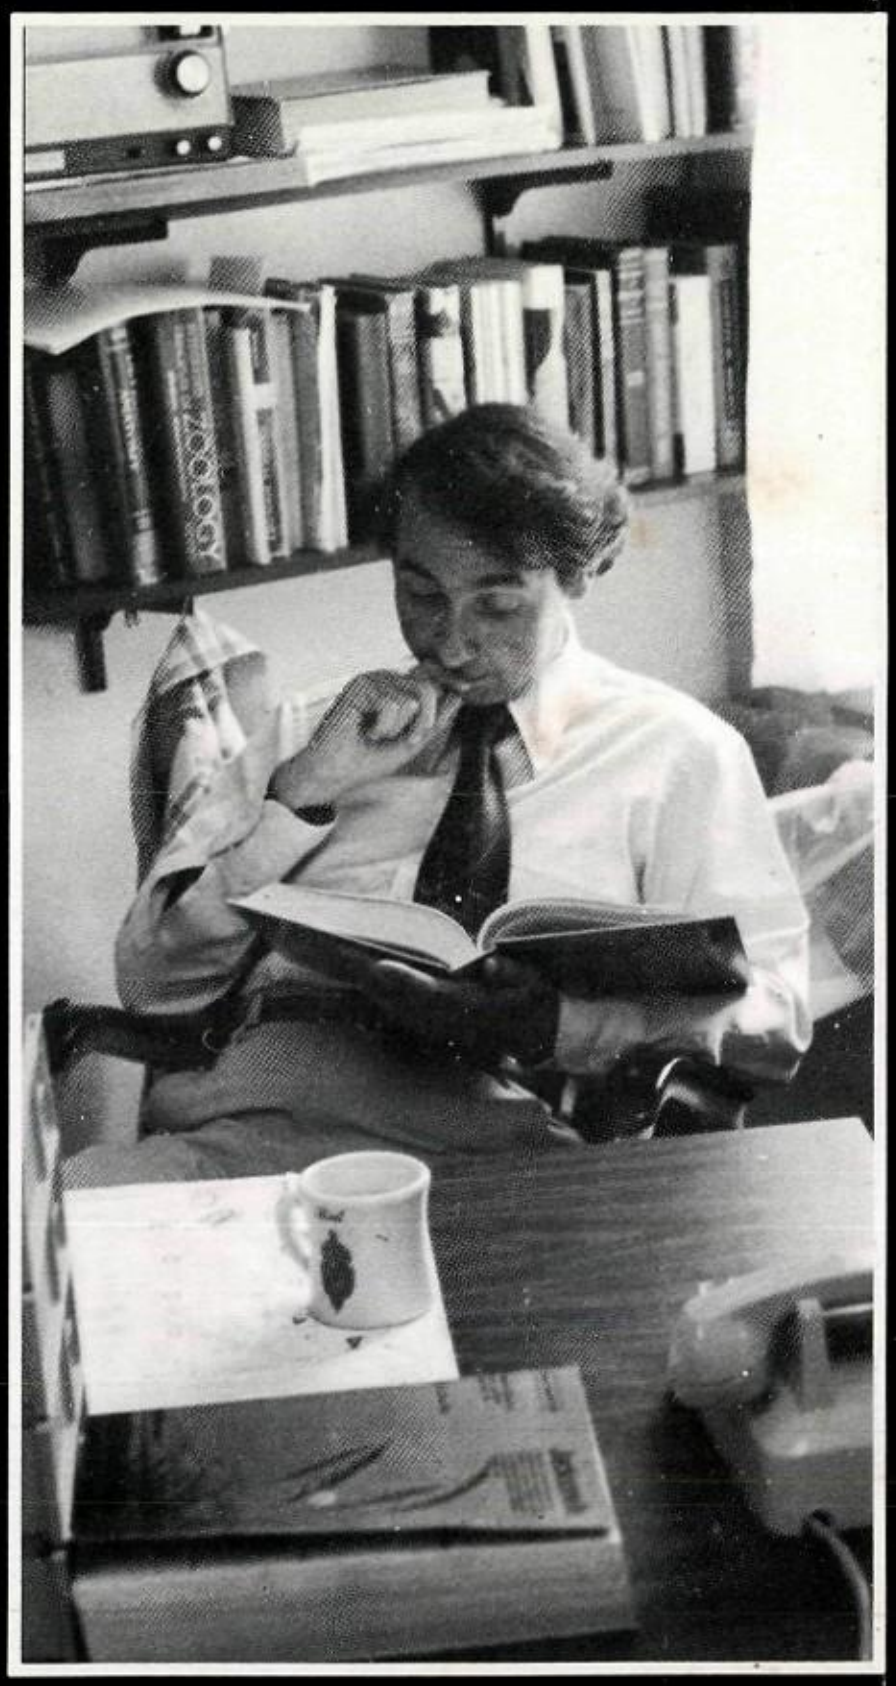
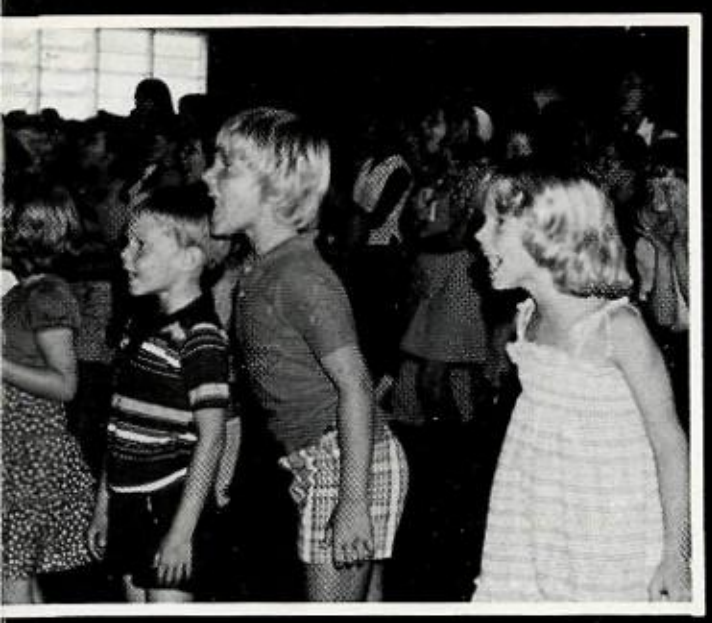
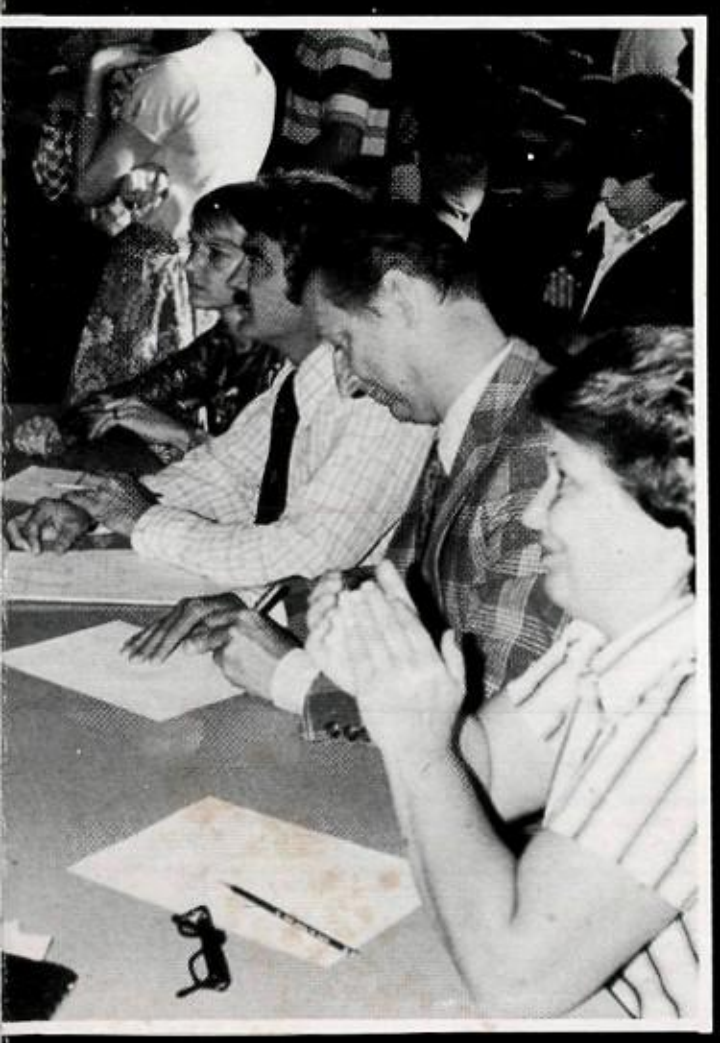
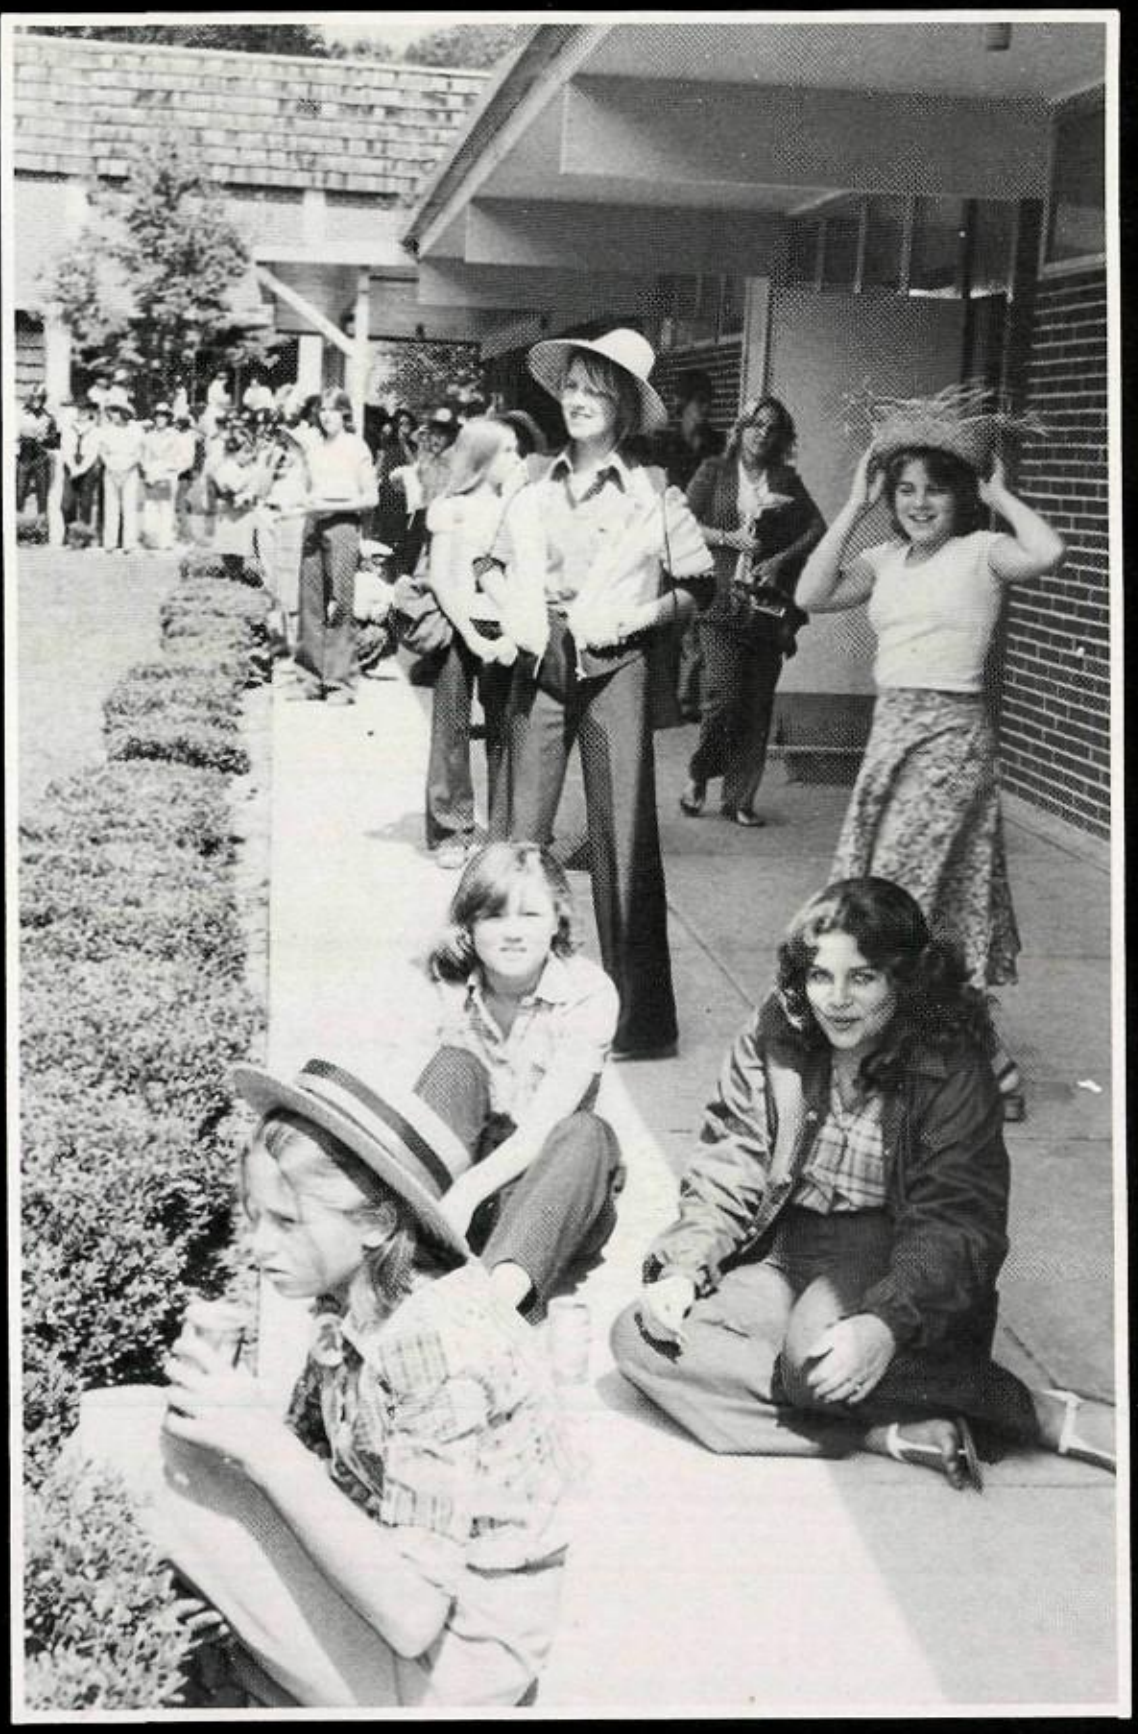
Shades of Blue

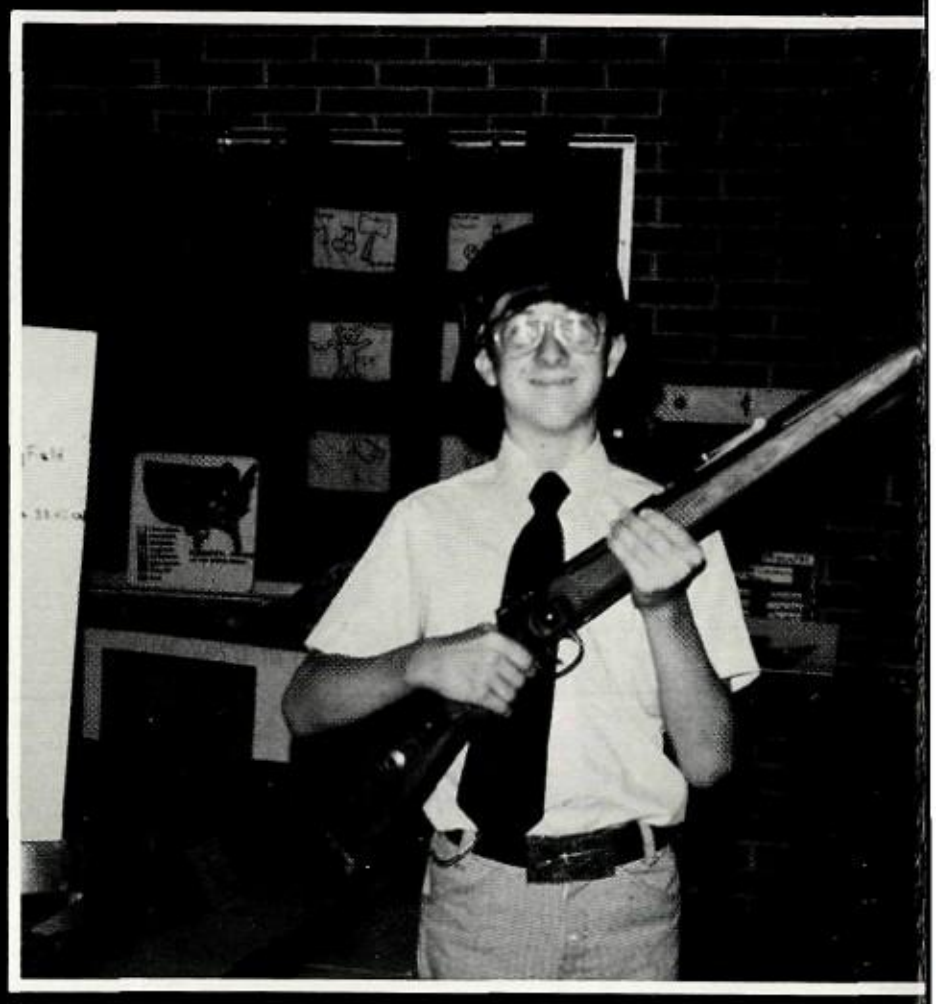
Deep blue and pale blue must have
been chosen as school colors
to represent the variety and unity
of purpose within our community.
"Shades of Blue",
the 1979 Chalice theme,
reflects our appreciation
of these realities.
Each member of our community
has his own paths to follow
when he comes to St. Johns,
yet together we blend into one.

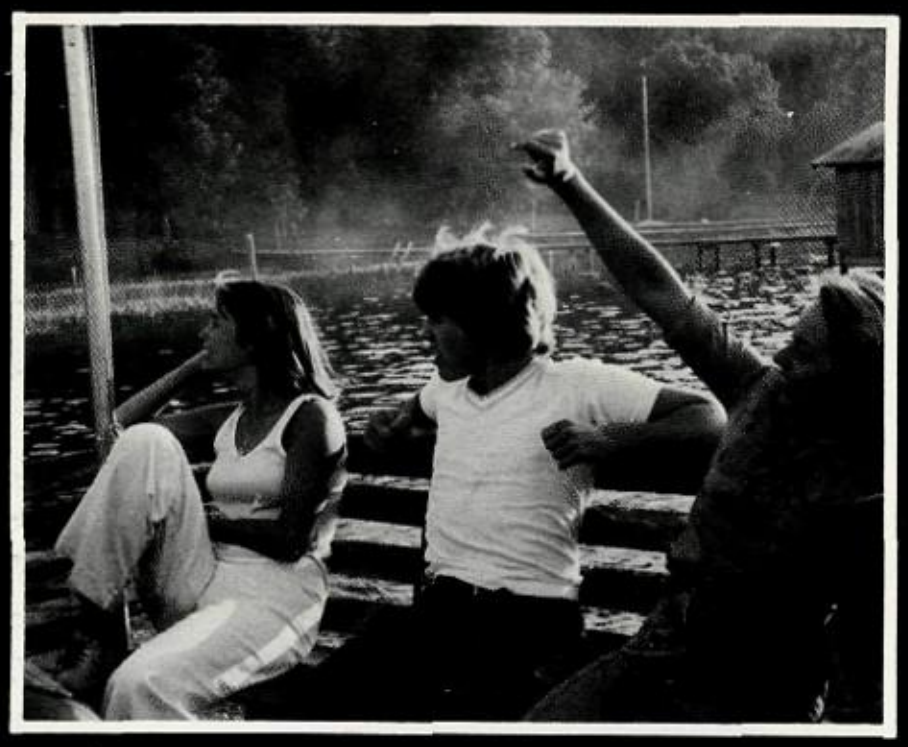












Each of us is a unique blue;
each of our activities and clubs a
still different shade of blue.
The range of tone and color
is extensive:
we see electrifying blue
in the many sports activities,
a brilliant blue
in academic accomplishments,
and an azure blue
in our school spirit.

Go Big Blue!

Shades of You

Throughout countless transitions in her 26 years, St. Johns has maintained one bond of continuity — its student body. The faces change and those who depart leave indelible impressions to which are joined the thoughts and aspirations of those who follow. During the change and growth, with tears as well as laughter, it is the students who give St. Johns her meaning. It is then with smiles of joy and appreciation that we dedicate the 1979 Chalice to you, the students of St. Johns Country Day School.

Honor Court: Works for Justice

The honor system at St. Johns works through the integrity of the students. Its purpose is to maintain the honesty of the students, and each student is expected to help every other student in his self-conduct. The Honor Court assists in the maintaining of the honor system. It has the authority to try any and all students accused of cheating, stealing, or perjury, as defined by the Honor Court Constitution, and all decisions must be unanimous. Because the Honor Court is responsible for maintaining the honor system, its success lies in the cooperation of the students and their integrity.

Student Council: New Leaders, New Accomplishments

Many changes have been made in the Student Council this year. The Student Council food store, now functioning at a profit, provides the funds for the Council to undertake many activities throughout the year. A welcoming dance for the English soccer team, a Homecoming dance, and a raffle on Hobo Day are just a few of the activities planned by the Student Council. With the reinstatement of the spirit point system came Hat Day, Blue and White Day, and Georgia-Florida Day, all of which helped to boost the students' morale. Through the leadership of St. Johns' second Junior President, the Student Council, which meets every week during alternating lunch and class periods, has been very effective in carrying out the wishes of the students.

Chalice: Recording the Events

The Chalice grows with St. Johns. The 1979 yearbook staff is larger than ever with 36 members. "The staff survives deadlines and the pressure of selling advertising by sheer hard work, above and beyond the ordinary", says Bobby Steeg, editor-in-chief. Convincing all the students and faculty to buy the yearbook is the goal of Chalice Week, which includes the annual features of the Miss Chalice contests, Faculty Game Day, Skit Day, and Song Day. FSPA District and State conferences and competitions challenge and inspire greater accomplishments. Sponsors are Mrs. Mary Virginia Jones and Mrs. Cynthia Landry.

The J.C.L. is an extra-curricular study this year and under student leadership. Although still competing on a smaller basis, all hope to be just as successful. This year the club has their customary Banquets. At these banquets the club auctions slaves for money.

Photo Club: Developing the Best

The Photo Club offers students an opportunity to increase their skills in photography. "Each member of the Photo Club starts from different points — beginners to experienced — and is encouraged to perfect his skills with the camera," explained the sponsor, Mr. Pfoutz. "In addition, some members are learning the art of cinema while others are discovering the challenges that T.V. camera men face," he added. The Club is limited to 12 members and meets every Wednesday. This year, the club members are helping the student publications, the yearbook, and newspaper in providing and developing photos. The Photo Club has additional equipment to improve the club's technical capability.

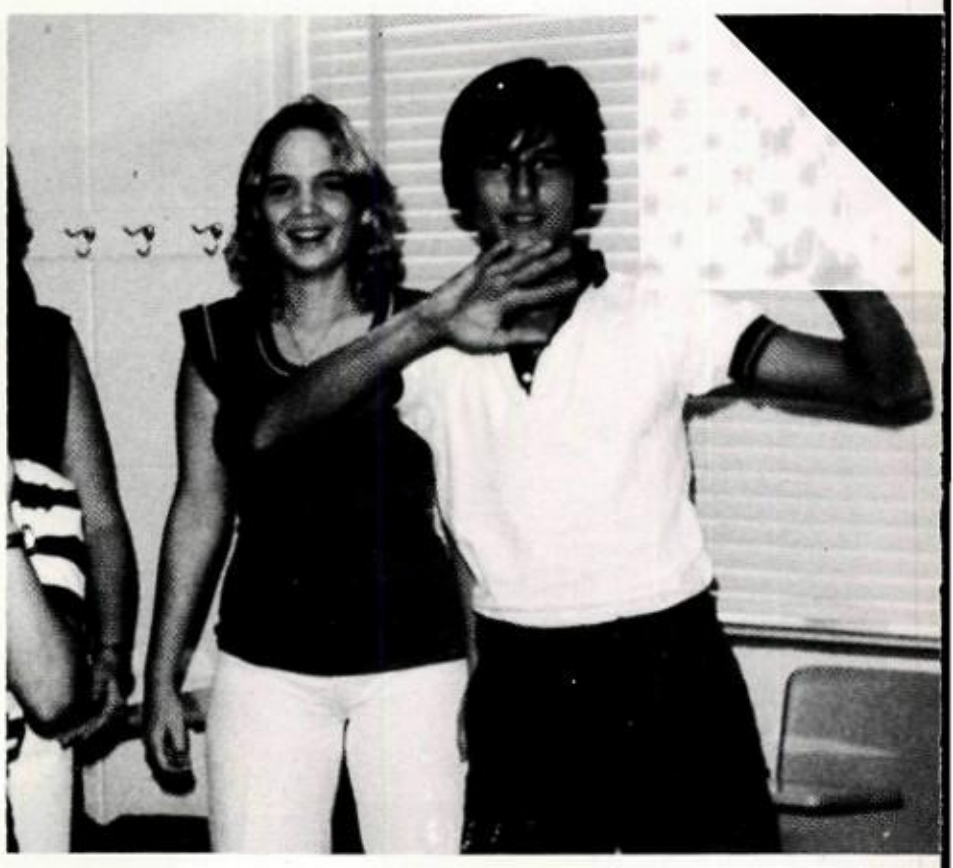
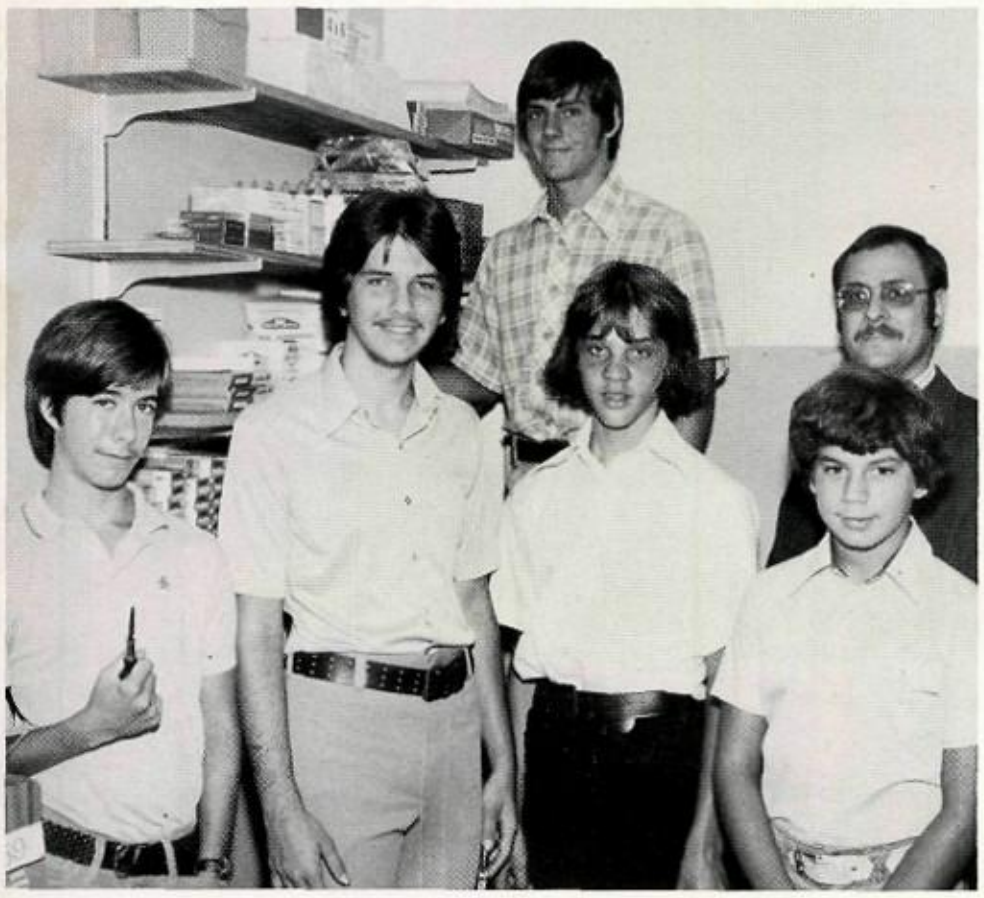
Club periods are spent in practicing diction, relaxation techniques, pantomime, voice projection, observation, and body language. It is hoped that students will develop an appreciation for the dramatic crafts, an understanding of the art, and perhaps will discover a life-long interest.





Supply Store Aides: Scot Collins, Bob Henry, Dale LeVey, David Collins, Lee Wilson, Mr. Stern

Aides: Service With a Smile!

Aides are students who volunteer their free time to serve. School supply store aides enable students to purchase school supplies during homeroom, lunch, and break. Library aides shelve books, file cards, and help students check out books. Office aides answer the phone, run errands, and help in the distribution of the school-to-home letters. The assistance these students provide help to make school life that much easier.

Girls' Club: Lending a Hand

The Girls' Club has been going strong for nineteen years. Its primary goals are to provide for the less fortunate and to assist the school in a variety of ways. The girls collect Thanksgiving baskets and make Christmas ornaments which they deliver to needy families. To help the school, they serve refreshments at Open House, Headmaster's Day, or any other functions needing assistance. Additionally, the girls hold winter and spring fashion shows and organize a Halloween parade for the lower division.

Forensics: Talking a Blue Streak

The Forensic Club consists of approximately 6-8 students from grades 7-12. As members of the Florida Forensic Program (FFP), the students compete in forensics tournaments which take place in both public and private high schools in Northern Florida counties. The categories in which they participate are Oral Interpretation, Group Interpretation and Original Oratory. These competitions begin during the month of November. The zenith of the year is in February when the St. Johns River Junior College sponsors their district tournament. Winners then participate in the state tournament at the University of South Florida in Tampa in March. Students must obtain 25 speaking points in FFP to obtain membership in the National Forensic League (NFL). In the NFL, students can earn awards for Honor, Excellence, Distinction, and Special Distinction for more points. This year, St. Johns will be hosting a tournament. Students compete for friendship, competition, knowledge, and recognition.

British Soccer Team Triumphs . . .

Chesterfield Visitors: (front row) Jason Hipkiss, Gary Gorman, Mark Wallis, Neil Robertshaw, Chris Pollard, Chris Howarth, Steve Wheeldon, Vernon Sharpe, Karl Marriott, Mr. Gordon Jephcote (second row) John Nelis, Chris Almond, Paul Mellor, John Loebl, David Koziupa, Richard Boal, Dean Beddingham, Anthony Willis (third row) Coach Neil Sheppard, Stewart Halagan, Simon Luft, Paul Varley, Tim Barratt, Ian Beddows, Phil Dickinson, Coach Don Spencer (not pictured) Mike Hall, Ian Skill, Paul Radford

Twenty-six members of the Chesterfield Soccer Teams, the Athletic Director and two coaches arrived from England at the Jacksonville International Airport on October 17 and were warmly welcomed by the Varsity Cheerleading squad, Mr. John Abbott, St. Johns Director of Development, Mr. Les Stern, and Gigi, the SJCDS Bus. The 12 day visit focused on 7 soccer games and on becoming a part of the St. Johns community: attending classes and orientation sessions, relaxing in the Senior Room, partying whenever possible, and adjusting to the heat. Special activities were arranged to broaden the exposure to the U.S., or more accurately, to Florida. The Kennedy Space Center, Disney World, and the Okefenokee Swamp were visited. Swimming parties at the ocean, Kingsley, and private pools were very popular as well as typically Floridian. In the state capitol, Tallahassee, the team visited the Capitol Building and met Lieutenant Governor Williams. Chesterfield's team found their American experiences not too different and quite pleasant. However, they were astonished by the noise of the crickets, mosquitoes, right hand driving, and the absence of the jungle (à la Tarzan). "This year's Chesterfield visit represented the initiation of a new dimension to our soccer program and to our school life. St. Johns was proud to host the first phase and we look forward to the renewing friendships formed this Fall and learning the first-hand realities of school and life in England.", said Mr. John Abott, who is in charge of the innovative exchange program.

Shades of *Blue*

Deep blue and pale blue must have
been chosen as school colors
to represent the variety and unity
of purpose within our community.
"Shade of Blue",
the 1979 Chalice theme,
reflects our appreciation
of these realities.
Each member of our community
has his own paths to follow
when he comes to St. Johns,
yet together we blend into one.

Each of us is a unique blue;
each of our activities and clubs a
still different shade of blue.
The range of tone and color
is extensive:
we see electrifying blue
in the many sports activities,
a brilliant blue
in academic accomplishments,
and an azure blue
in our school spirit.

INTRODUCING SOUTHEAST HOSPITALITY

Banks are always saying how friendly they are.

Fine. At Southeast, we smile as much as the next bank.

But we never forget what you came to the bank for. Money. And service.

Money and service is how we define hospitality at Southeast Banks.

And we can offer you more of both than any other banking group in Florida.

With assets of nearly four billion dollars, we have plenty of Southeast Hospitality to go around.

Whether you want a checking or savings account, a Master Charge or Visa card, an auto or business loan, a mortgage, your own pension plan, or just sound financial advice, you'll find it at a Southeast Bank near you. (Any bank whose name begins with Southeast is one of ours.)

Drop in and talk to us. We guarantee you Southeast Hospitality.

And plain old ordinary hospitality as well.
